技术规格

The "Orage" throw is a perfect illustration of Indian weaving techniques on traditional looms, combined with a contemporary design and a palette of subtle colours in rust/chocolate tones. This fine and light throw is extremely soft and comfortable thanks to its composition (blend of fine wool and silk). It will sublimate your bed as an extra blanket or even your sofa. Exclusive design for Ligne Roset. Hand-woven throw, on a traditional loom, made of 60 % wool / 40 % silk.
