

# FACETT

## Designer

R. & E. Bouroullec

## Technical characteristics

The basis of the Facett range is two settees and an armchair, complemented by two footrests (which can be used as extensions to the seating). The magic of Facett will touch all those who desire purity, without compromising on the perfection of the design. Compare for example the minimalist simplicity of its monolithic form with the ultra-sophisticated work involved in its realisation - in particular the stitching, the complexity of which recalls the cutting and shaping of a precious stone, or even the complex folds of origami.

**CONSTRUCTION** Three layers of criss-cross panels and thermoformed polystyrene, overlaid with polyether foam. Invisible feet in black polythene. **Pivoting armchair:** steel base Ø 17 3/4" thickness 1/4", finished in Epoxy black lacquer. **COMFORT** Suspension of seat via elastic webbing. Integral seat cushion in high resilience polyurethane Bultex foam

## PRODUCTS

### ARMCHAIR

#### Dimensions

Height 33 mm  
Width 34 mm  
Depth 32 mm  
Seat height 14 mm  
Weight 32 kg  
Seats 1 place
