Designer

Hertel & Klarhoefer

Dimensions

Height 32 mm | Width 20 mm | Depth 22 mm |
Seat height 18 mm | Seats 1 place | Weight 8.22 kg

Technical characteristics

A resolutely urban graphic collection, easily accommodated and accessibly-priced. The Rocher collection picks up on the trend of fractal design as characterised by its faceted construction. In fact the shell of the Rocher chair, an envelope which serves as seat, back and arms, seems to have been cut like a diamond. It sits on four feet, which can be finished in lacquer steel. This attractive seat is easily combined with a large number of dining tables, either classic or contemporary in style. **STRUCTURE & COMFORT** Steel base. Shell in satin-finish reinforced techno polymer. Easy maintenance: clean with lukewarm soapy water.
