

LOVESEAT HIGH BACK PLOUM

Designer

R. & E. Bouroullec

Dimensions

Height 31 " | Width 67 " | Depth 43 " | Seat height 15 " |
Seats 2 places | Weight 137.789 lb

Technical characteristics

CONSTRUCTION

Steel tubing, wire and mesh. Covered base.

COMFORT

Integral seat in high resilience polyurethane Bultex foam 48 kg/m³ - 3.6 kPa; integral back in Bultex foam 36 kg/m³ - 1.4 kPa with comfort layer in hyperflexible polyurethane foam 30 kg/m³ - 1.8 kPa. Comfort is reinforced by the nature of the fabric used: a double-layer quilted weave, quilted by points of stitching.

MAKING-UP

Cover made from a woven fabric generously quilted and quilted by points of stitching.

Important : items upholstered in MOBY have no diagonal stitching in the four inside corners of the seat/back section and have just one zip closure on the rear of the back.

Cover is non removable.
