

LOW TABLE SOLID BLACK STAINED OAK CM 191

Designer

Pierre Paulin

Description

Coffee table with black lacquered steel wire base formed in double arched paired V-shaped and rectangular top in solid wood with satin varnish.

Technical characteristics

Model was presented by Pierre Paulin on February 26, 1959 under the number 90523 (even if it seems to have been commercialized earlier), its refinement makes it a timeless coffee table much sought after by fans today. It is one of the most beautiful designs he produced for Thonet France, with whom he worked from 1952 to 1959.

Dimensions

Height 14 mm | Width 55 mm | Depth 18 mm | Weight 17 kg
