A new version of the Gavrinis rug in the shape of an irregular pebble, following the contour of Pierre Paulin's sketches like topographical curves. The lines of the motif are achieved with subtle sculpting of the woollen tufts two different heights, but the same color. Rug in 100 % wool, hand tufted and sculpted using tufts of two different heights (10-11 mm and 14-15 mm) to sketch out the motif using a single color.
