

LOW TABLE SMALL TOPS IN BLUE STEEL LOWLANDS

Designer

Böttcher & Kayser

Dimensions

Height 13 mm | Width 31 mm | Length 31 mm | Weight 41.5 kg

Description

Blue steel is obtained by progressively raising its temperature. When it cools on contact with the air, it develops a thin layer of calamine which gives it natural protection against oxidization. Black lacquered steel structure and tops in blue steel.

Technical characteristics

Lowlands is a low table which is both decorative and functional. Its four surfaces are positioned at various heights, which creates a dynamic visual rhythm. Its storage space is optimized in a way which is as convenient as it is elegant, with no concessions of finesse nor visual lightness which characterize it, enhanced by its
