

MIRROR LONG VIBES

Designer

Ana Moussinet

Technical characteristics

The Long Vibes mirror is the vertically oriented continuation of the Good Vibes mirror designed for Ligne Roset in 2019. The mirror perfectly reflects the designer's approach: the inversely exponential demultiplication of the frame creates the allusion of perspective for a spectacular mise en abyme. The play between fullness and emptiness, shadow and reflected light, the use of carefully brazed varnished polished solid brass, and the generous dimensions all help build enthusiasm for a decorative object which steps outside of the strict boundaries of its function. Mirror with frame in polished brass finished with a clear coat. This piece must always be positioned vertically and fixed to the wall. A double hanging system enables it to be fixed to the wall at either the desired height or set on the ground.

Dimensions

Height 70 mm | Width 19 mm | Depth 2 mm | Weight 25 kg
