

SOFA END TABLE FRÀ

Designer

E-ggs

Description

Designed to be positioned between 2 modules of Grand Angle, it allows you to have your phone, remotes, glass and other small objects on hand. It can just as easily be placed in the Saparella settee, the top will then be above the seat and not at its height. Structure in black lacquered steel, top in American Walnut.

Technical characteristics

Designed to be positioned between 2 modules of Grand Angle, it allows you to have your phone, remotes, glass and other small objects on hand. It can just as easily be placed in the Saparella settee, the top will then be above the seat and not at its height. Structure in black lacquered steel, top in American Walnut.
