## Designer

## Technical characteristics

An aesthetic twist on the model NOMADE (1996), NOMADE 2 is more urban, Parisian even, in a 'Rive Gauche' spirit, in the French tradition of art deco. The structures, therefore, remain the same: however, the piped seam on the mattress has slimmed down to a band of thin piping whilst the covered buttons have become discreet stitch detailing and the back cushions clearly assert the refinement of their couture finish.

**CONSTRUCTION** Frame in square-section Epoxy lacquered tubular steel (25 mm) and panels of particleboard clad in polyether foam 28 kg/m<sup>3</sup> - 4 kPa. Items are joined together by steel linking-pieces (NB except footstool). **COMFORT** Suspension via a base in 2 densities of high resilience polyurethane Bultex foam, dominant 35 kg/m<sup>3</sup> - 2,6 kPa for the soft version and in 2 densities of polyether
