

# BED FRAME BED 180 X 200 PETER MALY 2

## Designer

Peter Maly

## Technical characteristics

A new edition of the bed which has been a Ligne Roset best-seller for more than two decades, the Peter Maly bed is aimed squarely at those whose priorities for their bedroom are the comfort, originality and aesthetics of their bed - those whose preference is for a pared-down bedroom offering generous space for rest and relaxation. Equally, in a small loft or studio, the Maly bed could also be used as a convivial space for entertaining or relaxing. The Maly bed is constructed around the idea of a vast central platform which is both soft and supple (slatted base, mattress and bedding), surrounded by horizontal planes for a more tautly rigorous geometric effect. The pillow/headboard cushions slide freely around the bed frame, allowing for a multitude of positions since there is no fixed way for the bed to be used.

## Dimensions

Height 810 mm | Width 2,240 mm | Depth 2,435 mm |  
Seat height 270 mm | Seats 2 places | Weight 67 kg
