## MAKING-UP

Back and seat covers quilted with bands of 300 g/m<sup>2</sup> polyester quilting, giving a strikingly structured visual effect. Covers of footstool quilted with 200 g/m<sup>2</sup> polyester quilting. Rear of back is in the shape of the corolla of a flower, and is held in place by metallic zips: this can be made up in Kyoto or Oregon hides or Divina or Coda fabrics. Covers are held in place by velcro and zips, and are fully removable.

## FABRICS

'Inside' covers are ordered independently of the exterior 'corolla', thus making bicolour (or bi-material) interpretations a possibility. Footstools can also be bicolour: Inga Sempé recommends using the same covering material on the sides of the footstool and the corolla of the armchair or settee, and a different one for the front, back and top of the footstool and the 'inside' covers of the armchair or settee.
