Technical characteristics

in 2023 Ligne Roset is reissuing its emblematic Kashima model. It is the "comfortable Chesterfield". Kashima designed by Michel Ducaroy offers classic customers the "English" comfort. The generous shapes of this model enable to give a reassuring image to an all-foam seat. All-foam seating, Kashima hides, under its agreeable appearance, a soft comfort in rounded and curved lines (integrated armrests, lumbar, headrest). However, this comfort doesn't jeopardise the quality of the high-density foams that compose it. Let's remind that the density of a foam is the only guarantee of longevity. The denser the foam is, the longer the seat will last. The buttoning is then made using invisible tie rods, placed inside the foam. The classicism of its shapes does not deprive Kashima of a touch of fantasy. The fully quilted cover
