## Dimensions

Height 845 mm | Width 2,050 mm | Depth 820 mm |  
Seat height 430 mm | Seats 2 places | Weight 63 kg

## Designer

Pierre Paulin

## Technical characteristics

### CONSTRUCTION

Seat in solid beech and solid American walnut in a satin varnished natural wood finish, reinforced with a mechanically-soldered steel structure. Black lacquered steel feet.

### COMFORT

Suspension of seat consists of a steel chassis with elastic webbing mounted across its depth to avoid sideways tipping. Seat and back cushions in multi-density high resilience polyurethane Bultex foam, dominant 38 kg/m<sup>3</sup> - 3.6 kPa, clad in 110 g/m<sup>2</sup> polyester quilting.

### MAKING-UP

Baguette stitching on cushions. Cushions have removable covers. A label bearing the logo of

Pierre Paulin is sewn onto one of the back cushions (cushion A).

#### COVERING MATERIALS

The original 1953 version combined a large seat cushion covered in ecru-coloured fabric with 2 back cushions covered in red fabric. This two-tone treatment is still a possibility but other combinations are equally possible.
