

LOW TABLE CORSÉ MARBLE INAMMA

Designer

Marie-Aurore Stiker-Métral

Technical characteristics

Marie-Aurore Stiker-Métral's new double-deck low table presents a lower surface in sheet steel delicately perforated with small circles, the bronze lacquer finish of which confers just the right preciousness to contrast with the richness of the upper top in brilliant-polished marble. The two tops, made from cold, glossy materials (steel and marble), are warmed by their colouring (bronze lacquer for the steel and corsé or verde for the marble) and by the structure/base which holds them together, made from matt black-stained solid ash with a visible grain. Two-deck low table. Structure and bevelled base in black-stained solid ash. Lower top in bronze lacquered sheet steel with round perforations and a solid border. Upper top in verde or corsé-coloured marble,
