

OCCASIONAL TABLE SOLID AMERICAN WALNUT LOW VERSION NODUM

Designer

Guillaume Delvigne

Dimensions

Height 400 mm | Diameter 600 mm | Weight 6.6 kg

Technical characteristics

These two round-topped occasional tables may be used in combination, or alone. The focal point which renders them unique is their "heart", the X-shaped metal piece which forms their centre of gravity, as much structurally as visually. Guillaume Delvigne painstakingly designed each detail of this "micro architecture" in which the technical is lent beauty. Indeed, this can be seen particularly clearly in the tense design of the legs, which narrow towards their tips, or the very soft edge of the tapered solid wood top. Occasional tables in solid American walnut.
