

FLOOR STANDARD LAMP ASTRÉE

Designer

Benjamin Graindorge

Technical characteristics

In this floor lamp there is something of the archetypal luminous object. Like the Little Prince contemplating the stars, Benjamin Graindorge tells us of his pristine globe : "I wanted it to float". Defying the laws of gravity, it is very delicately suspended by a strap in the shape of the figure 8, which in itself is evocative of the infinity symbol. Floor lamp with plain ball-shaped glass shade. - Base in Carrara marble Ø 40 cm thickness = 25 mm ; stem in 16 mm bent steel tubing, finished in Epoxy satin white lacquer RAL 9016. Round shade Ø 12cm in mouth-blown opal glass houses the LED bulb. Transparent PVC cable ; transparent foot-operated switch. 13 W E 27 LED bulb 1,140 lumens, colour temperature 3,000 K (warm white). - Base in merrazzo Ø 38 cm
