Normal Studio

Description

Floor lamp with structure in epoxy satin black lacquered steel, and embossed aluminium reflectors finished in satin black lacquer on the exterior and anodised on the interior. Supplied with a black textile cable and black foot switch. Supplied with 3 x 3,7W LED bulb G9 3000K 350 Lm. IMPORTANT: it is not possible to fit use these new bulbs with an old-version floor lamp. The dimmer of the old version is not compatible with the low power consumption of these new bulbs. The 3 reflectors are equipped with magnets and may be positioned and angled freely along the length of the stem. IMPORTANT : to avoid breaking the bulbs given the strength of the magnets, the shades should not be moved whilst the bulbs are lit and/or still warm.
