

BED SETTEE WITH 2 ARMS WITH 2 LUMBAR CUSHIONS MOTUS

Designer

Vincent Tordjman

Dimensions

Technical characteristics

MOTUS offers all the advantages of a sofa also designed for sleeping. This model offers an intermediate position between the sofa and the bed : the chaise longue, unfolded relaxed seated position. Easy to operate, with optimum comfort in both sofa and bed (160x195) positions, thanks to its Bultex mattress. In the unfolded position, the depth is identical to that of the bedding: 195 cm. A foam insulator is provided to fit between the slats and the unfolded seat. Its base in black-stained ash brings a touch of elegance and modernity to the sofabed. **STRUCTURE** Steel mechanism with 9mm thick birch
