Guillaume Delvigne

Description

With "Intervalle", Guillaume Delvigne brings us a highly graphic table. Around the central opening the light flows pleasantly onto the tapered aeroplane wing-shaped base. The two original features of this range lie as much in this central "fault line" and the way in which the two base parts emerge beneath it, as in the way in which the veins in the end grain used for the legs intersect with those in the flat-grained timber used for the tops. It is, to summarise, a play of lines, directions and sweeping curves

which we are invited to discover,
whatever the distance and angle from
which these two tables are viewed. A way
of paying homage to the nobility of the
solid wood from which they are
constructed. Solid wood dining table.
