

# HIGH BAR CHAIR VIK

## Designer

Thibault Desombre

## Technical specifications

The wooden bases of the Vik chair and carver chair achieve a successful balance between graceful looks and firm stability. Its very pure design enables it to fit into all types of interior. Very light (6.5 kg) and therefore easy to move around - perhaps thanks to the optional handle on the back - and, for everyday practicality, its cover is fully removable.

**CONSTRUCTION & COMFORT** Seat/back shell in moulded beech multi-ply. Base in solid ash with protective gliders. Integral seat and back cushions in high resilience polyurethane Bultex foam (60 kg/m<sup>3</sup> - 7,5 kPa and 37 kg/m<sup>3</sup> - 2,7 kPa), with 100 g/m<sup>2</sup> polyester quilting. For guaranteed longevity the cushions are bordered with a layer of high density agglomerated foam. Armrests clad in high resilience polyurethane Bultex foam (28 kg/m<sup>3</sup> - 1.6 kPa). **MAKING-UP** Baguette stitching.

## Dimensions

Height 1,030 mm | Width 445 mm | Depth 520 mm |  
Seat height 800 mm
