Dimensions

Height 265 mm | Width 800 mm | Length 1,300 mm |
Weight 44 kg

Description

For this "eco-design" table, form and material are inseparable, the ultimate aim being to highlight the warmth and nobility of the material. It could fit perfectly into a project entitled, "une forme, 3 essences, 8 finitions" ("one shape, 3 species, 9 finishes")! Low table with assembled solid wood structure and top in 12 mm thick toughened "cristal" glass with tapered edges.
