

# EXCLUSIF

## Design by

Didier Gomez

## Description

"Classic, chic and comfortable, international and timeless." With only a handful of elements, all of which are characterized by their irreproachable proportions, it is possible to create a wealth of different settees and corner compositions.

## Technical Specifications

### CONSTRUCTION & COMFORT

The structure is mainly in multi-ply, thus making a significant reduction in terms of weight. For optimum comfort the seat cushion is supported by a webbed suspension. IMPORTANT: POSSIBILITY OF 2 DIFFERENT FOOT HEIGHTS: 1 1/4" OR 2 1/2". PLEASE SPECIFY YOUR CHOICE WHEN PLACING YOUR ORDER. Feather-filled seat and back cushions (10% feathers/90% down), compressibility H 3 1/2" with compartmented liner on the seat, both with a core of high resilience polyurethane Bultex foam (30 kg/m<sup>3</sup> - 1.8 kPa). Flat edges of seat cushions are quilted with a layer of polyester (200 g/m<sup>2</sup>). Seat cushions are anchored to the frame by a combination of zip fastenings. 22 1/2" x 22 1/2" cushion filled with 100% duck feathers. For a firmer level of comfort, seat cushions may be made entirely from high resilience polyurethane Bultex foam (dominant 2.6 kPa) : please specify when placing order. Headrest comprising a base in chromed steel wire (Ø 1/2" - 10 mm) clad in high resilience polyurethane Bultex foam (dominant 38 kg/m<sup>3</sup> - 3.6 kPa) and 300 g/m<sup>2</sup> polyester quilting.

### UPHOLSTERY

Removable cushion covers. Removable frame cover (NB except microfibres or leather), although it is necessary to remove the armrests in order to do so - this can be done easily. Bicolor interpretations may be created by specifying a different color/fabric for the back and lumbar cushions. In the case of the sofas (with and without arms), 1-arm sofas and asymmetrical sofas, each item will have 2 asymmetrical seat cushions regardless of whether it has a left or right arm (or no arms at all). Choice of seat cushions: with tufting or without. With the exception of the ottoman, it is possible to join elements together
