**Sizes**  
Width 23 "  
Depth 18 "

Seat height 14 "

Seat height 14 "  
Weight 22.046 lb  
Seats 1 place

## Technical characteristics

### STRUCTURE

Rounded structure in ABS (resonance plus elastomer made of resistant plastic) thermoformed parameters, made of 34 kg/m<sup>3</sup>-35.7 kPa of polyether foam.

### COMFORT

Seat cushion in 32 kg/m<sup>3</sup>-2.8 kPa of Bultex high resilient polyurethane foam covered in a 26kg/m<sup>3</sup>-1.4 kPa layer of Bultex. Seat cover and integrated back cushion made of 26 kg/m<sup>3</sup>-1.4 kPa of Bultex. The integrated back cushion is also filled with 200 g/m<sup>2</sup> of polyester foam. Ottoman is made of 48 kg/m<sup>3</sup>-5.3 kPa of Bultex.

### COVER

Back and seat covers are compartmentalized and individually filled with 300 g/m<sup>2</sup> of Polyether foam, creating a structured effect. The ottoman cover is created in the same manner. The exterior of this model is entirely fixed by a metallic zipper, visible from the front. Cover removable.

### UPHOLSTERY

The interior and exterior are always ordered separately which allows the model to be bi-colored. The ottoman is also bi-colored: Inga Sempe recommends that the sides of the ottoman match the exterior of the sofa or armchair, and that the front/back parts and top of the ottoman match the interior of the sofa or armchair.
