

PIAZZA

Designer

Michael Koenig

Technical characteristics

Piazza offers a table top cut in an elegant and original elliptical shape with one straight side - thus enabling it to be pushed against a wall when not in use, a clever space-saving trick. Just pull it out from the wall to seat four persons around its 35 1/2" x 26 3/4" top. Base and stem in epoxy lacquered steel. Piston barrel in brilliant-chromed steel with operating lever. Top in 1/2" thick clear tempered glass with polished edge or in stratified MDF laminate, matte, soft touch, Fénix NTM, accommodating up to 4 people. The height of the top is continuously adjustable from 29 3/4" to 39 3/4" (from dining table height to bar table height - for use with the Pam or Petrus bar stools).
