compartmentalized and individually filled with 300 g/m<sup>2</sup> of Polyether foam, creating a structured effect. The ottoman cover is created in the same manner. The exterior of this model is entirely fixed by a metallic zipper, visible from the front. Cover removable. UPHOLSTERY The interior and exterior are always ordered separately which allows the model to be bi-colored. The ottoman is also bi-colored: Inga Sempe recommends that the sides of the ottoman match the exterior of the sofa or armchair, and that the front/back parts and top of the ottoman match the interior of the sofa or armchair.
