

# OTTOMAN RUCHÉ

## Designer

Inga Sempé

## Technical characteristics

For Ligne Roset, Ruché brings together the unusual and the traditional. The name refers to a sewing technique in which fabric is gathered or pleated; it has long served as a decoration for clothing. The unusual thing about this piece is its solid wood structure, and the traditional element: the quilting, the very heart of Ligne Roset's savoir-faire. Its tall uprights and the undulations of its duvet combine to produce a harmonious union of rigorous straight lines and soft, welcoming curves. Slender and fine, Ruché is nonetheless soft and welcoming. We might also add that the very design of Ruché offers a collection of seating which allies comfort and compactness: its depth is only 36 1/4" / 92 cm the length of the various pieces varies between 67" / 170 cm and 78 3/4" / 200 cm, ideal for small apartments. Finally, its seat height (17 3/4" / 45 cm) will appeal to a broad clientèle, specifically those who reject

## Sizes

Width 36 " | Depth 23 " | Seat height 16 " | Seats 1 place |  
Weight 26.455 lb

seats which are too low. The 2 sofas are also available in a low-back version (25 1/2"/65 cm instead of 32 3/4"/83 cm), with a lower seat (15"/38 cm instead of 18 1/4"/46 cm), a greater depth (39 3/4" /101 cm instead of 36 1/4" /92 cm) and a backward sloping seat/back with integrated lumbar support. They offer the dual advantages of remarkable comfort as well as having the look of a truly domestic sofa, moving far away from the 'banquette' look. The lower lines enable the sofas to elegantly assimilate into all spaces, even the smallest of rooms.

**CONSTRUCTION** Structure and feet in solid wood, reinforced by two steel frames on the seat and back. Protective gliders on feet. Choice of 4 finishes for feet: natural matt varnished beech, or stained anthracite or red beech. Integral table surface (for one-arm settees) in matching beech veneered MDF.

**COMFORT** Pullmaflex suspension on seat. Suspension of back via sprung steel grille. Elastic-webbed suspension on arms. Seat cushion in high resilience polyurethane Bultex foam 42 kg/m<sup>3</sup> - 4.8 kPa and 38 kg/m<sup>3</sup> - 3.6 kPa. Back cushion in polyurethane foam 30 kg/m<sup>3</sup> - 1.8 kPa. Armrests in Bultex foam 26 kg/m<sup>3</sup> - 1.4 kPa. The 2 low-back sofas are always provided with a matching pair of rectangular lumbar cushions (H 9 1/2"/24cm W 23 1/4"/59cm D 4 3/4"/12cm). These cushions have removable covers & are lined with new

goose feathers (10 % down / 90 % feathers). One face of the cushion is smooth while the other face is quilted in the same style as the entire Ruché collection. These 2 lumbar bars are also priced separately and are thus available as an option for the high-backed sofas.

**MAKING-UP** Cover quilted with 300g/m<sup>2</sup> polyester quilting and ultra-flexible polyurethane foam 30kg/m<sup>3</sup> - 1.8 kPa. The highly sophisticated execution of the quilting is achieved by an industrial sewing machine. Fully removable covers.

**FABRICS** Most non-patterned fabrics can be used with Ruché' velours, wools, thick cloths, microfibres and leathers.
