

LOVESEAT HIGH BACK PLOUM

Designer

R. & E. Bouroullec

Technical characteristics

The Ploum seating is the fruit of much research into comfort. The result is a special combination of two materials: a stretchable covering and ultra-soft foam. This combination, along with the Ploum sofas' truly ample dimensions, provides extreme comfort and accommodates different ways of sitting, stretching out or even lying down. As per the designers' wishes, the large settee is asymmetrical in construction : the right-hand backrest is a little higher than the one on the left, whilst the right-hand seat is slightly deeper than the left-hand one and the zip on the rear of the backrest is off-centre. The seat of the sofa, can accommodate up to 4 people. The great flexibility of contact associated with a freely-formed shape turn Ploum into a veritable nest: in fact, all positions are possible here, with both back and head enjoying the same

Sizes

Height 31 " | Width 67 " | Depth 43 " | Seat height 15 " |
Seats 2 places | Weight 137.789 lb

soft contact, no matter which part of the seat is concerned, even the arms.

CONSTRUCTION Steel tubing, wire and mesh. Covered base. **COMFORT** Integral seat in high resilience polyurethane Bultex foam 48 kg/m^3 - 3.6 kPa; integral back in Bultex foam 36 kg/m^3 - 1.4 kPa with comfort layer in hyperflexible polyurethane foam 30 kg/m^3 - 1.8 kPa.

Comfort is reinforced by the nature of the fabric used: a double-layer quilted weave, quilted by points of stitching. **MAKING-UP** Cover made from a woven fabric generously quilted and quilted by points of stitching. Important : items upholstered in **MOBY** have no diagonal stitching in the four inside corners of the seat/back section and have just one zip closure on the rear of the back. Cover is non removable.
