## Designer

Thibault Desombre

## Sizes

Height 40 " | Width 17 " | Depth 20 " | Seat height 31 " |  
Seats 1 place | Weight 20.437 lb

## Technical characteristics

As with the Finn chair, Vik's wooden base achieves a successful balance between graceful looks and firm stability. Its very pure design enables it to fit into all types of interior. Very light (6.5 kg - 14 lbs) and therefore easy to move around - perhaps thanks to the optional handle on the back - and, for everyday practicality, its cover is fully removable. **CONSTRUCTION & COMFORT** Seat/back shell in molded beech multi-ply. Base in solid ash with protective gliders. Integral seat and back cushions in high resilience polyurethane Bultex foam (60 kg/m<sup>3</sup> - 7,5 kPa and 37 kg/m<sup>3</sup> - 2,7 kPa), with 100 g/m<sup>2</sup> polyester

quilting. For guaranteed longevity the cushions are bordered with a layer of high density agglomerated foam. Armrests clad in high resilience polyurethane Bultex foam (28 kg/m<sup>3</sup> - 1.6 kPa).

MAKING-UP Baguette stitching. Covers are held in place by gripper strips and are fully removable. In the version with handle, the latter is positioned on the rear of the back and comprises a steel core covered in the same covering material as the chair. FABRICS All fabrics, microfibres and leathers.
