

BED FRAME QUEEN SIZE 60" X 80" PETER MALY 2

Designer

Peter Maly

Technical characteristics

A new edition of the bed that has been a Ligne Roset best-seller for more than two decades, the Peter Maly bed is aimed squarely at those who prioritize the comfort, originality, and aesthetic design of their bed. This bed is ideal for those whose preference is a pared-down bedroom offering copious amounts of space for rest and relaxation. Just the same, in a small loft or studio, the Maly bed could also be used as a welcoming space for entertaining or relaxing. The Maly bed's construction is based around a vast central platform (slatted base, mattress, and bedding) that is soft and supple surrounded by horizontal planes that give it a more rigorous geometric effect. The pillow and headboard cushions slide freely around the bed frame,

allowing for a multitude of different positions - there is no set way the bed should be used. **CONSTRUCTION**

Structure in black anodized aluminum profiles. Side panels in 3-layer particleboard clad in polyurethane foam 50 kg/m³ - 6.3 kPa and polyester quilting 100 g/m². Cylindrical feet with matte black lacquered steel plate - choice of two heights 4" (10 cm) or 6 1/4" (16 cm).

COMFORT The bed frame can support all kinds of slatted bases and mattresses due to one steel crosspiece at the head and another at the foot. Removable pillows/cushions with metallic fixings may be located at any point around the bed.

Structure of cushions made of high density polyurethane Bultex foam 26 kg/m³ - 1.4 kPa with steel core and integral elastic-webbed suspension.

MAKE-UP Covers of pillows/cushions are quilted with 300 g/m² polyester, with simple stitching; covers are removable and are held in place by zippers. Baguette stitching on side panels; covers are removable and are held in place by gripper strips. **COVERING MATERIALS** All covering materials (NB except technical impossibilities).
