

FLOOR LAMP BASE IN MERRAZZO ASTRÉE

Designer

Benjamin Graindorge

Description

Base in merrazzo Ø 15" (38 cm) thickness = 1" (25 mm). Stem Ø 1/2" (16 mm) bent steel tubing. Round shape Ø 4 3/4" 12 cm in mouth-blown opal glass housing the LED bulb. Black PVC electric cable. Black foot-operated switch. Requires 13 W E 26 LED bulb (not supplied) 1140 lumens, color temperature 3000 K (warm white).

Technical characteristics

In this floor lamp there is something of the archetypal luminous object. Like the Little Prince contemplating the stars, Benjamin Graindorge tells us of his pristine globe : "I wanted it to float". Defying the laws of gravity, it is very delicately suspended by a strap in the shape of the figure 8, which in itself is evocative of the infinity symbol. - Floor
