

CLOTHES STORAGE MARECHIARO

Designer

Philippe Nigro

Sizes

Height 90 " | Width 39 " | Depth 13 " | Weight 110.231 lb

Description

This clothes storage is completing the Marechiaro range. Available as "clothes storage only" or "clothes storage + mirror" and can have the options of a shelf and/or coat hooks to complete the unit. The system is a screen-cabinet for the entrance which on one side is aimed at positioning a mirror, a tablet, leaving the keys or mobile phone and hanging a light coat or a bag, and on the other side is a screen made up of wooden slats assembled in openwork to maintain a certain transparency : a real dressing to hide coats and shoes. The rear module includes 2 hanging rails, and 3 shelves including a low one covered with a mat to place shoes. The unit must be fixed to the wall (a wall fixing system is supplied with each order).
