Description

The Estenda coat rack adopts a radically opposite approach: the stems/hooks and linking-bars remain visible and are there for hanging clothing, trousers and even resting objects on its round trinket-holder surface. It must be said that the nobility of the materials used, solid walnut and brass-plated or nickel-plated steel, does not incline one to conceal them!

Structure and stems Ø 1 1/4" - 30 mm, circular surface Ø 8 1/2" - 22 cm in natural varnished solid American walnut. Linking-pieces in nickel-plated steel. Height-adjustable gliders/jacks for added stability.
